Season 1952

Ozark Iris Gardens

Jack Greer Telephone 76

Ozark, Arkansas

We have purchased the entire stock of Dr. Lewis Clevenger of Kirksville, Missouri. Just as Dr. Clevenger did we are selling only our surplus rhizomes. Our garden is strictly a hobby garden. We do not sell wholesale. Since we do not make our livelihood from the sale of iris rhizomes, we can and are going to be liberal with the gratis iris that we give with each order. We will be glad to have you come to see us during the season of bloom, which is usually from the last week of April to the second week in May. Our garden is always open to garden clubs or groups. For any large size group we would suggest that you let us know ahead of time so that we can have our company manners dusted off and everything ready for you. To new customers, we will appreciate a trial order—To Dr. Clevenger's old customers, we will appreciate your continued patronage and will assure you of the same generous shipments.

PRICES Orders up to \$5.00, no discount.

Orders from \$5.00 to \$10.00 add 10% bonus iris from starred varieties.

Orders from \$10.00 to \$25.00 add 25% bonus iris from starred varieties.

Orders from \$25.00 to \$100.00 add 50% bonus iris from starred varieties

Because of surplus stock we are offering at half ($\frac{1}{2}$) price those varieties starred or marked with an asterisk (*) but you are not to use these half prices in selecting your Bonus iris but use the prices shown in the list. Half Prices do not apply when selecting your Bonus iris. But use the prices as shown in the list.

GARDEN CLUBS are asked to submit orders for special price. This will depend on the size of the order. Liberal prices given.

TERMS Cash, money order, or check, no stamps please.

SALES TAX If you live in the State of Arkansas, please include 2 % sales tax.

PLANTS Guaranteed true to name, free from disease or insect pests.

SHIPMENT July, August, and September, Siberian Iris in September.

POSTAGE We pay postage on all orders of \$3.00 or over, otherwise include \$.25 to pay for postage and packing.

NAME AND ADDRESS Please print your name and address so that we can make no mistakes.

SUBSTITUTIONS When sold out of a variety, we substitute with an equally good or higher priced sort unless advised to the contrary. Otherwise, please list several acceptable substitutes.

SIBERIAN IRIS

These are the butterfly iris and make a colorful splash in the garden, Select a place, if possible, where there is plenty of rich soil and plenty of water. Along a creek bank, around the margin of a lake, a low spot in your garden would all make good places to plant Siberian iris. Remember we send small clumps and not single fans as so many places do. This gives you the desired mass of color that one tries for with Siberians. These are shipped damp and cannot be shipped at the same time that the bearded iris are shipped. For this reason we will ask that the order of Siberians be at least \$2.50 for us to pay the postage. If for less please add \$.35, for postage, as they are heavy. Full instructions for planting with each order.
